

## IMPORTANT NEWS RE: Corona Virus / COVID-19 Pandemic

Dear 3BBR Community,

The Board of Management, Programming Co-ordinator and Production Team have had extensive conversations in the last twelve hours about how 3BBR is positioned within the current Corona Virus / COVID-19 pandemic.

We have taken the very difficult decision to close the station to everyone, with the exception of a very small team (who will work in shifts and from home). This will come into effect from midnight on 23 March 2020. At this stage we are unsure of the length of the closure but will keep you updated via our [website](#) and [Facebook](#) page.

We are going to use this time proactively to have the station thoroughly cleaned and also develop and roll out clear processes and procedures for when we reopen.

This means we have had to suspend normal programming on 103.1FM. With many volunteers being in high-risk categories, we feel it prudent to limit access to the radio station and shared studio equipment. We are working on presenting repeated or pre-recorded versions of programs in their usual time slots, so please continue to tune in.

For the latest advice, information and resources go to <https://www.health.gov.au/>

Call the National Coronavirus Health Information Line on 1800 020 080. It operates 24 hours a day, seven days a week. If you require translating or interpreting services, call 131 450.

We appreciate your understanding and we hope to return to regular programming soon.

Best wishes from all your friends at 3BBR FM
